The Easy Refill Fragrance Spray

Have you ever wished you could have a quick freshen up when you're out and about?

Carrying a big glass perfume or aftershave bottle is inconvenient, cumbersome and can be dangerous if it takes a knock and shatters.

Travalo is a refillable atomizer bottle with a difference. Its patented easy fill system allows you to refill in seconds with a simple repeat pump action. Travalo makes it easy and convenient to have a fresh confidence boost any time, anywhere.
